

## THE HANSON, WEBBER, DUNHAM BUILDING

99 Main Street – Map #10

The photo on the left shows the opening where Hanson, Webber & Dunham built their original hardware store on Main Street in 1894. The new 4-story building is depicted on the right.

After the Hardware store closed, Central Maine Power located their offices here in the mid-1900s.

For 50 years this building was home to the headquarters of Al Corey Music Center.
