

## MCLELLAN'S DEPARTMENT STORE

90-100 Main Street ~ Map #11

Built around 1930, this building was originally occupied by McLellan's Department Store. The five-and-ten cent department store was a fixture on Waterville until the early 1980s. Offices and studios have occupied the second story. The building suffered a big fire in 1944, after which the lower storefronts were completely modernized.

CVS Drug Store occupied the first floor of this building for many years before moving to Kennedy Memorial Drive in 2006. It is currently being used as retail space on the first floor.
